Summary

Fresher with a genuine interest in data science, backed by hands-on project work rather than just coursework. In HeartIQ, I cleaned and explored patient health data, built a classification model with Scikit-learn to predict heart disease risk, and shipped it behind a FastAPI backend so people could actually use it, not just see it in a notebook. I'm comfortable with Python, SQL, and basic statistics, and I like the full loop: understanding the data, building the model, and checking whether the output actually makes sense. Looking to bring that toward a Data Science role.

Education

NITRA Technical Campus

Bachelor of Technology (B.Tech) in Computer Science and Engineering

08/2022 – 05/2026

Ghaziabad, India

New Angels Sr. Sec. School

Intermediate

2020 – 2021

Pratapgarh, India

Projects

HeartIQ – Cardiac Risk Prediction Model | Python, Scikit-learn, FastAPI

05/2025 – 10/2025

- Cleaned and explored patient health data, identifying key features driving heart disease risk before model building.
- Built and evaluated a classification model with Scikit-learn to predict heart disease risk from patient clinical data.
- Deployed the model behind a FastAPI backend and built a dashboard so results were usable, not just accurate on paper.

BankWise Loan Insights | SQL, Power BI, DAX, Power Query

04/2025 – 08/2025

- Cleaned and modeled loan data with SQL, then built a Power BI dashboard with DAX metrics to surface patterns in approvals and repayment.

Technical Skills

Machine Learning: Scikit-learn, Predictive Modeling, Classification, Model Evaluation

Programming: Python (Pandas, NumPy, Matplotlib, Seaborn), FastAPI

Data Analysis: Exploratory Data Analysis (EDA), Data Cleaning, Basic Statistics

Database: SQL (Joins, Subqueries, Aggregations), MongoDB

BI & Visualization: Power BI, DAX, Power Query, Dashboard Development

Tools: Jupyter Notebook, Git/GitHub, Postman

Soft Skills: Problem-Solving, Analytical Thinking, Communication, Attention to Detail

Certifications

Crash Course on Python Data Analytics – IBM

Microsoft Azure SQL – Microsoft & Infosys Springboard

Web Development (Frontend Developer) – Oracle University

Oracle Analytics Cloud 2025 Certified Professional – Oracle

Achievements

Participated in **Flipkart GRiD 5.0** – Software Development Track, 2024

Participated in **National Space Hackathon 2025** at IIT Delhi

Participated in **Hansraj Innoverse 1.0**, 2025

Languages

English: Full Professional Proficiency

Hindi: Native Proficiency
